MSC.6/Circ.1
27 January 2009

AIS DISCREPANCY REPORTS

1 The Maritime Safety Committee, at its eighty-third session (MSC 83/28, paragraph 4.34) in October 2007, requested Member Governments and organizations with consultative status to submit to the Organization details of ships entitled to fly their flag operating either without AIS or with AIS incorrectly configured. Such details should include, where possible, ship name, IMO number, call sign, date, position (latitude and longitude), details of the anomaly and promulgate such information by means of an MSC circular on a periodical basis.

2 The Secretariat has received monthly AIS discrepancy reports on vessels found to be transmitting incorrect AIS data. The reports received for the period of September to December 2008 are attached to this circular. Analysis of the information shows that in the majority of cases the errors relate to the transmission of wrong IMO number, MMSI (Maritime Mobile Service Identity) and Call sign and name for a particular ship. These information items relate to fixed or static information, which is entered into the AIS on installation and need only be changed if the ship changes its name or undergoes a major conversion from one ship type to another.

3 In this context, it is recalled that the Maritime Safety Committee, at its seventy-sixth session (2 to 13 December 2002), approved SN/Circ.227 on Guidelines for the installation of a Shipborne Automatic Identification System (AIS) and also agreed that they should be issued for use on a voluntary basis. The Guidelines describe the shipborne AIS installation matters and are meant to be used by manufacturers, installers and surveyors to ensure good installation practices. The use of these Guidelines would go a long way in minimizing erroneous AIS transmissions.

4 Member Governments and international organizations are invited to note the information provided in the monthly AIS discrepancy reports for the period September to December 2008, as set out in the annex, and bring them to the attention of all parties concerned. Future reports will be issued on a quarterly basis.

ANNEX

AIS DISCREPANCY REPORTS – SEPTEMBER TO DECEMBER 2008

AIS DISCREPANCY REPORT – SEPTEMBER 2008
