VALIDATION OF MODEL TRAINING COURSES

Report on the model course programme

Note by the Secretariat

SUMMARY

Executive summary: This document provides information on the development, review, updating, translation and publication of model courses.

Action to be taken: Paragraph 3

Related documents: STW 35/3

1 The Committee, at its sixty-sixth session, assigned priorities to those courses needing reviewing and updating, of which those related to the revised STCW Convention were assigned priority 1 status. Work on the revision and updating of courses directly related to the STCW Convention is now complete. Progress on other model courses is being made within the available resources.

2 Attached at annex is updated information on IMO model courses which have been printed and are available for use; courses which are being prepared for publication; those which are out of print pending revision; those which are being developed or are under consideration; those which have been translated and published in French and Spanish and those which are being translated into French and Spanish.

Action requested of the Sub-Committee

3 The Sub-Committee is invited to note this information, as well as additional information, as may be provided orally by the Secretariat during the session, updating the status of production and revision of IMO model courses since this document was drafted; and take action as appropriate.

For reasons of economy, this document is printed in a limited number. Delegates are kindly asked to bring their copies to meetings and not to request additional copies.
